DRAWING—ARCHITECTURAL and MECHANICAL.—As this is the season for young mechanics and others to apply themselves to the attainment of the greatest aid to the emi-nence in their various pursuits, viz:—a thorough knowledge of Geometrical Drawing.

We would call their attention to "Manifie's Text Book of Self-instruction," being a complete manual of Mechanical Drawing, including Geometrical Drawing and Perspective, illustrated with 56 steel plates, and explained in a familiar manner, rendering the attainment of the art easy and agreeable.

*From the New York Scientific American.*

"It is the best work on Drawing that we have ever seen; no young Mechanic such as a Machinist, Engineer, Cabinet Maker, Millwright or Carpenter, should be without it."

*From the Baltimore Western Continent.*

"He, who having thoroughly mastered this book, cannot make any of the ordinary drawings of this kind, may well despair of ever being able to accomplish such a result.

*From the National Intelligencer.*

"Indeed, one who patiently and carefully goes through it could not be said, so far as principles and methods are concerned, any longer to want a master."

*From the American Railroad Journal.*

"It is commended to those best qualified to judge of its merits, as being the most thorough and complete work of the kind ever published in this country."

"It has received universal commendation from the press, and we believe that it merits all that has been said in its praise. Price $2,00.

PARTICULAR NOTICE.

We will forward a copy of the above work free of expense, to any part of the Union, on the receipt of three dollars, which may be sent per mail at our expense.

W. M. & Co. have also published an abridged edition of the above work for the use of Schools, containing all the principles that are contained in the large work, illustrated with 48 steel plates.—Price $1,25. Published and for sale by

## GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, biliousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificate:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.
T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wenzes, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.
L. B. WYMAN,
N. York, Sept. 3, 1849. 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.
M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

Principal office, 122 Fulton-st., N. Y., up stairs.

Price, 50 cents per bottle, or 6 bottles for $2,50.

Passage arrangements for 1849.—Reduced Rates of Passage from Liverpool to Boston, by their Regular Line of Packets sailing from Liverpool on the 1st, 7th, 13th 20th, and 29th of each month. Also, from Liverpool to New York, by the regular line of Packet Ships sailing from Liverpool on the 1st 6th 11th, 16th, 21st and 26th of each month. The splendid Ships composing this Line have been built expressly for this trade are commanded by men of long experience, their accommodations are commodious, and they are in all respects desirable conveyances for Passengers. Persons wishing to send for their friends in Ireland, England Scotland, Wales, can do so through the subscribers. Particular attention will be paid to the accommodation and good treatment of passengers.

The advantages offered by this Line over all others are the following, viz: That the ships selected by Harnden & Co. for the conveyance of their passengers, cannot be surpassed by any out of the United States; on this point no better evidence can be offered than the fact, of the hundreds of ships despatched by them, not one has ever been lost! Passengers will be brought by this Line at very low rates. Parties holding Harnden & Co's Passage Certificates will not be confined to one ship a month in Liverpool, but have the privilege of embarking in any of the vessels sailing every week. ☞ Harnden & Co. have Agents in all the principal seaport towns of Ireland, who take charge of their passengers, and protect them from the frauds practised upon the inexperienced.

Harnden & Co., wishing to conduct their business upon principles of fairness and equity, to prevent fraud and deception, have but one price for passage, which in all cases includes Hospital fees and provisions, according to law. Prepaid passengers always have the preference over passengers paying in Liverpool. ☞ Those applying by letter or otherwise for Certificates of Passage, should in all cases furnish the names and ages of the persons sent for, with their address in full, containing the name of the town and, nearest post town, and county, together with the address of the person to whom a letter is usually sent, to enable Messrs. Harnden & Co., of Liverpool, to notify them of the proper time to leave home, and furnish other necessary information. ☞ Those enquiring for prepaid passengers should give the number and date of their passage receipt.

☞ No other Passenger House, either in this City or Liverpool, is authorized to advertise, or sell Certificates for this Line.

REMITTANCES.—For the convenience of persons wishing to remit money to their friends, we keep constantly for sale, Drafts at Sight, which are cashed at any Bank in England, Ireland, or Scotland. Duplicate checks are always furnished, to secure the purchaser against loss.

DR. CORBET'S HIGHLY CONCENTRATED SYRUP OF SARSAPARILLA.

It is a undeniable fact that no medicine ever brought in force the public, has proved so beneficial in cases of diseased Blood, Liver Obstruction, Scrofulous Taint, Consumptive Habit, and all cutaneous affections, as that of Dr. Corbet's!—The distinguished Prof. Hayes says—"It ought to have a preference, as the formula exhibits the union of some of the best of our native medicinal roots and plants with substances of the highest repute as recordial agents, and does not include any *Mineral Compound*.

But read what Druggists say, whose well known characters give full assurity to its virtues.

"The Compound Concentrated Syrup of Sarsaparilla, made by the United Society of Canterbury, is prepared with great care, as the increasing demand for it is positive proof of its good effects. It is now prescribed by most of the Physicians in Boston and elsewhere, which is the best evidence that they give it a preference over any other preparation of Sarsaparilla offered to the public.

"Since its introduction, its reputation has been constantly increasing, and its popularity extending in every direction, being recommended by most distinguished physicians.

*The Hon. George W. Nesmith thus write to the wonderful efficacy of that invaluable medicine,*

Dr. Corbett's Highly Concentrated
SHAKER SYRUP OR SARSAPRILLA.

Certificate of Mary M. Nesmith, wife of the Hon. George W. Nesmith, President of the Northern Railroad.

This may certify, I was afflicted with the Salt Rheum for more than 15 years prior to 1847. I tried different remedies without permanent relief.

In the spring of the year 1847, I was induced to test the efficacy of Dr. Corbett's 'Compound Syrup of Sarsaparilla.' During the space of three months I used about a quart of this medicine. I find myself fully relieved from said disease, and can therefore cheerfully recommend others, who may be afflicted in a like manner, to try this cheap and valuable medicine.

MARY M. NESMITH.

Franklin, N. H., March 17, 1848.

Messrs. E. Brinley & Co.—My wife had some reluctance to having her name appear in print, but knowing that she had experienced great benefits from this Compound, she yielded all modest objections to a sense of duty, that the public may know where they can find a good and safe medicine, that will heal many of our diseases. I watched the operation of this medicine upon my wife with much solicitude, but without any belief that it would produce the desired effect. I am, however, now ready to say that I have great confidence in the cleansing and healing qualities of this syrup, and can safely attest to its value, and would cheerfully recommend it to the patronage of the public.

Truly yours,
GEORGE W. NESMITH.

*CONSUMPTION PREVENTED!*

That consumption, when once firmly fixed and seated, can be cured, we much doubt—but that it can be prevented, if the proper remedies are applied in season, we firmly believe. A slight cold, a gentle cough, a general derangement of the nervous system, which renders the individual sick or well—these are the symptoms which herald the approach of this fell destroyer. If these be attended to in season all may be well—but neglect them, and they will be sure to gain the mastery, and what was at first only troublesome and annoying, at last becomes alarming, and often fatal.

For incipient consumption, we know of no better remedy than WISTAR'S BALSAM OF WILD CHERRY. It is soothing and healing in its nature, and is admirably adapted to allay and dissipate that annoying and distressing irritation which so much prevails at this season of the year, caused by colds, coughs, and chills, brought on by frequent and sudden changes in the weather. We know of several severe cases which have been radically cured by the use of this Balsam. Some two years since a friend of ours was suffering under what was thought to be confirmed consumption—a severe cough, loss of appetite, night sweats, &c. By the use of the Balsam, he dispelled these alarming encroachments, and is now in the enjoyment of comparative good health.—[New England Washingtonian, Boston, November, 1847.

Those in want of this excellent article, can be supplied with the genuine, with the signature of I. BUTTS on the wrapper, at the Agents.

R. J. TAYLOR, Agent for Newport.

☞ VALUABLE TESTIMONY FROM THE SOUTH. ☜ We like, at all times to give credit when credit is due, and if at the same time we can relieve the distressed, we are doubly gratified—we, therefore give the following voluntary testimony as to the beneficial effects of Wistar's Balsam of Wild Cherry, by the editor of the Columbia South Carolinian, who appears to have obtained great relief by its use.—Old Dominion, Portsmouth, Virginia.

Dr. Wistar's Balsam of Wild Cherry. We seldom resort to patent medicines, having a great respect for the skill of the regular profession, but chance threw into our way the above named medicine, immediately after the close of the last session of the Legislature, when our lungs were almost dried inside the highly rarefied atmosphere of pumpkin-warmed State House. The Balsam immediately relieved us of a most harrassing cough, which threatened our health in a serious degree. We feel that we are indebted to for some fifteen pounds of animal flesh, which addition cannot be felt, cannot be spoken.

None genuine unless signed I. BUTTS on the wrapper.

TRANSATLANTIC PACKAGE EXPRESS AND GENERAL EUROPEAN AGENCY.—The undersigned give notice that they have completed their arrangements in this country and in Europe for facilitating the TRANSMISSION of MERCHANDIZE of every description, in large or small Parcels, (including sample packages,) between the VARIOUS EXPRESS OFFICES IN THE U. STATES, and all parts of Great Britain, France and other places on the Continent.

One of the members of the house has recently returned from England where he has made a permanent arrangement with the eminent forwarding establishment of Messrs. CHAPLIN & HORNE, who will receive all goods for distribution in Europe, and promptly deliver them at their many agencies. Our connexion with this extensive house give us facilities not heretofore enjoyed by any other parties.

CHAPLIN & HORNE, being also the exclusive Agents in England for the Messageries Nationals of France, we have peculiar advantages for forwarding parcels through to France and other parts of the Continent.

Our houses at London and Liverpool will attend to the collection of accounts, and other business of a confidential nature in any part of the Kingdom, and with the assistance of several legal friends, will give special attention to all documents requiring attention or other action.

We have authority to draw on the PROVINCIAL BANK OF IRELAND, and all its branches, and are prepared to furnish drafts for the convenience of our customers.

On the reception of goods or parcels in this country, they will be forwarded without delay to their destinations—those out of the city by the earliest Expresses.

Persons at a distance desiring to make shipments to England or the Continent, either by steamers or packet-ships, can leave their goods, or orders, at any of the offices of ADAMS & CO., and GREENE & CO., in the United States, who will receive and promptly forward them to us.

Our friends who may wish to visit Europe, and who desire INTRODUCTIONS in places where they may be strangers, will receive every accommodation from ourselves and our agents.

All who may be disposed to favor us with the shipping of their goods from England to America, will oblige us by directing their correspondents abroad to order such goods to be given in charge of CHAPLIN & HORNE (who have branches in every principal town in the Kingdom) "care of Edwards, Hale & CO., Liverpool," or "London."

☞ All Parcels from this country should be marked—"TRANS-ATLANTIC PACKAGE EXPRESS," care of EDWARDS, HALE & CO.

OFFICES—IN AMERICA—New York, No. 20 Wall street; Philadelphia, 50 Chestnut street, and all the other places of business of Adams & CO., and Greene & Co., in the United States. IN EUROPE—Liverpool, 2 Columbia building. London, (Chaplin & Horne's) Gresham street—and all other offices and agencies of CHAPLIN & HORNE, throughout the Kingdom and in France.

Approved, February 12, 1850.

(Public—No. 2.)

A RESOLUTION authorizing the purchase of the Manuscript Farewell Address of George Washington.

*Resolved, by the Senate and House of Representatives of the United States of America in Congress assembled*, That the joint Committee on the Library be authorized to purchase the manuscript of the Farewell Address to the people of the United States, of George Washington, if the purchase of it can be effected on fair and just terms, in the opinion of the Committee.

Approved, February 12, 1850.

(Public—No. 3.)

A RESOLUTION in lieu of the resolution relating to the revenue from customs for the present fiscal year.

*Resolved, by the Senate and House of Representatives of the United States of America in Congress assembled*, That, instead of the sum appropriated for the expenses of collecting the revenue in the act of March last, one thousand eight hundred and forty-nine, the sum of one million of dollars for collection of revenue from customs; fifty thousand dollars for warehouses; twenty-five thousand dollars for Texas and Oregon; one hundred thousand dollars for California; fifty thousand dollars for new business and new districts, be appropriated for the expenses of collecting the revenue for the fiscal year ending the thirty-first day of June, eighteen hundred and fifty, together with such sums in addition as may be received from storage, cartage, drayage, and fees, for said fiscal year, and in that proportion for any shorter or longer time, that Congress shall act upon the subject, and that so much of the restriction by law, upon the amount of salaries in California and Oregon, shall be suspended: Provided, That the Secretary of the Treasury shall be authorized to dispose of the bonded warehouses now leased by Government on or before the first of January next, on the best practicable terms for the Government; but he may retain such parts of said houses, or hire such other houses at his discretion as may be necessary for the storage of merchandise, or goods which for any other reason are required by law to be stored by the Government.

SEC. 2. *And be it further resolved*, That nothing in the act approved shall be construed to deprive the importer of the privilege of the transportation of merchandise under bond to a more distant port, instead of reverehousing the same according to the provisions of the second section of the act of the sixth of August, one thousand eight hundred and forty-six, to establish a warehousing system, and to amend an act entitled "An act to provide revenue from imports, and to change and modify existing laws imposing duties on imports and for other purposes."

Approved, Feb. 11, 1850.

TIT FOR TAT.—The peculiar disadvantages of farming near a populous town may be illustrated by an anecdote, related by a suburban farmer. "One day," he said, "just before harvest, I met a fashionable gentleman with a large bundle of ears of wheat, taken from my fields. I saluted him respectfully, and inquired my admiration of the beauty of the wheat. 'Yes,' said he, 'it is truly a fine sample, and does the farm a great credit where it grew.' I acknowledged the compliment, and asked him from what part of the country he had brought it. After he had [illegible] he always lived [illegible] sample home, as it was the first he had seen [illegible] with a [illegible] of his dress-coat, I [illegible] to look at the stalks. He readily [illegible] quently looked and [illegible] large [illegible] bound and [illegible] ways back [illegible] they greatly [illegible] that he had [illegible] show I had [illegible] the public to be [illegible] for when thousands of [illegible] field, and each took away [illegible] the losses annually [illegible] by gleaners."

☞ The history of the rise and progress of Nations and States presents events of such marked interest as those connected with the history of California, for the past twelve months. It has sprung into life with a vigor which other countries have only attained after a struggle of years in duration. The discovery of the mineral wealth of California has doubtless mainly contributed to this rapid development, but the progress of the country towards maturity would have been none the less certain, though slower, had the treasures with which it abounds continued buried under the waters which transported them to their native mountains.

Rapid as has been the development of California, the country is yet in its infancy. Although peopled with an unexampled rapidity by an intelligent, active, and enterprising population, the resources of the country have as yet to be developed, everything is now in a state, the incomplete of which almost defies speculation as to the future, affairs are completely unsettled. In the great struggle for the mineral wealth of the country, its elements of future greatness are entirely overlooked. But nothing is more certain than that California, from its position, its mineral resources other than gold, and from the character of the population which will be attracted within its limits, will at no distant day become the centre of trade and commerce for the nations bordering on the Pacific. The products of India, China, Japan, of the fertile islands of the Pacific, and of the countries on the western coast of South America will alike be poured into the ports of California, in exchange for the mineral treasures with which that country abounds. San Francisco, Monterey, and San Blas will rival New York, Philadelphia and Boston, and trade and commerce will build up new cities and towns in every advantageous location.

Mining will doubtless continue to be the principal business of the country, and the main spring of its wealth and commercial prosperity. But an entirely different system of operations must be introduced before operations can acquire that stability which is necessary to permanent prosperity. The discovery of gold in its native beds, recently made, will have an important bearing upon the prosperity of the country. The expensive machinery which will be required to separate the gold from the rocks, in which, in its native state, it is incorporated, will render the employment of capital, necessary to success, in gold hunting. Capital will build up towns and villages among the auriferous hills, and give certain and profitable employment to labor. A permanent population will ultimately succeed the present migratory race, and the prosperity of the country will be established on an enduring basis.

VIRGINIA STATE CONVENTION.—On Saturday last the House of Delegates of Virginia passed a bill which provides for taking the sense of the people of the State on the propriety of calling a Convention to amend the Constitution of the State. It passed the House by a large majority, and there seems to be no doubt that it will also meet the approval of the Senate.

NAVAL.—The U. S. steamer Saranac, at Portsmouth, N. H., will be ready for the sea, a portion of the officers have been already ordered to her. It is said that her destination will be the East Indies.—Lieuts. Butt, Carr, May, Wells, Sailing Master Decatur, Purs. Mid. Barry, and Elliott, Commander Saunders will probably command her.

☞ Mr. D. Loud, in a letter at Bedford maintains that the Cuffee was the real "Dead to Ophir," spoken of in the scripture, and the place where Solomon obtained the gold with which he built and ornamented his temple.

The amount of subscriptions for the Hague street sufferers, New York, amounted up to Wednesday evening, to $20,000.

☞ One hundred and sixty four negroes, [illegible] have arrived at Savannah, and will sail in a few days for Liberia.

CONGRESS.

WASHINGTON, FEB. 21.

SENATE.—Mr. Foward presented a resolution for the admission of California and for a Branch Mint at New York.

Mr. Dodge presented a petition for a cheap system of telegraphing; also one for grant lands to actual settlers.

Mr. Davis, of Miss., presented a bill to increase the number of Commissioners.

Mr. Hamlin presented a resolution of inquiry why Anecdote measures were suppressed in Japan. Amended and passed.

A message was received from the President, transmitting documents.

The bill to negotiate with the Indians for lands in Oregon was taken up and explained by Mr. Bell, and postponed to Monday.

Mr. Foote presented a bill for amending the act in relation to the Territorial government of Oregon. Referred.

Mr. Clay's resolutions were taken up. Mr. Mills spoke in favor, but gave way to a motion to adjourn to Monday. Carried.

Messrs. Webster, Seward and Rusk have intimated that they will speak on the first opportunity.

HOUSE.—Mr. Morse, from the Committee on private land claims, reported a bill authorizing persons entitled to bounty lands to dispose of the same by testament. According to the law of 1847 for granting additional military power, when the soldier dies his bounty land goes to widow, children, father, mother, and in the absence of these there is no provision made. When the soldiers returned without heirs, they were well treated and supported, and some who have died have left their benefactors their land as a small return of gratitude. He wanted the House to take some action, as a large number of such cases were before the Committee.

Mr. Bott said it was obvious that if the Mill became a law it would totally repeal the homestead provisions of the law, and a soldier having no heirs might at his option, deprive his aged mother, father, brothers and sisters of the land. He hoped no private law would be passed, believing that it would contravene not only the policy of the government, but would be subject to abuse. Special cases might be referred upon as they occurred. He moved its reference to the Committee of the Whole on the State of the Union.

Mr. Porter advocated the bill.

Mr. Morse explained at length.

Mr. Vinton sustained Mr. Bott's motion.

Mr. Marshall thought the bounty land was designed for the soldiers, not relatives.

Mr. Bott replied, and his motion was carried.

Mr. Johnson, of Penn., from the Committee on Public Expenditures, presented a bill granting 160 acres of land to heads of families and widows, to remain permanent occupants.

Mr. Vinton opposed it, as it did not come within the jurisdiction of the committee.

The order of the day was taken up.

Mr. Bedinger spoke and examined the grounds on which dissolution is threatened. He showed them insufficient, and ably vindicated the Union against aggression on the South. He made a thrilling appeal for the Union, and commanded the most attention throughout.

Mr. Winthrop followed, and answered in very severe language the charges of the gentleman from Ohio, of dodging supporting the Mexican war by fencing the committees improperly. He briefly urged the admission of California, and recommended the President's plan as the best and only practicable one.

Mr. Root briefly replied.

Mr. Wilson, of Va., commenced a speech but gave way, and the Committee rose.

The bill cancelling the bonds of the German government passed.

Adjourned to Monday.

THE UNION.—The following was one of the *regular* toasts at a dinner lately given to the Hon. GARRETT DAVIS, of Kentucky, by the members of the Louisville bar:

"The Union—Entire, indivisible, and sacred; the strength and glory of the Republic. Next to our Maker, it challenges our highest reverence.—We pledge our lives, our fortunes, and our sacred honor to maintain it."

The Legislature of Indiana, in granting divorces, also the proviso that the party applying shall not contract marriage during life of her husband, with another person than the one from whom he or she is divorced.

☞ U. S. STEAMSHIP SUSQUEHANNA.—This noble vessel now on the stocks at the Philadelphia Navy Yard, is, we learn, so nearly completed, that preparations have already been commenced for launching her.

*Nat. Intelligencer.*

CONVENTION.—The Whig State Convention was held at New Haven on the 20th, and the following nominations were made:

For Governor, Isaac S. Foster, of Norwich; Lieut. Governor, Chas. Kendrick, of West Haven; Secretary of State, Roger H. Sherman, of New Haven; Treasurer, [illegible] Comptroller, [illegible]. The Governor was large and [illegible].

AN AFFECTING SCENE.—The Richmond Times states that on Saturday last Rev. Joel W. Jones, who officiated at a methodist chapel on Gregory Hill, in that city, in consequence of certain declensions, suddenly took his departure leaving his board and other bills unpaid. Rumors from Syracuse, New York, where he formerly resided, led to a call for his credentials, but he could not show any. He was engaged to be married to a lady of his congregation, and it is said, he already has two wives in the State of New York.

An excellent old lady, in describing a fearful event of her life, when she was run away with in a two horse vehicle, wound up with saying that she "put the firmest reliance on Providence until the Breeching broke, and then she gave up."

A PICTURE FROM LIFE.—Graceful and stately was her step; with the majesty of a queen did she move: her robes were of velvet of the Tyrian dye, and satin surrounded with the down of the spotless swan, who, dying, discourses sweet melody: her jetty tresses fell in luxuriant waves o'er her roseate and youthful cheek, like the soft heave of the lake when breathed on by the balmy evening breeze, brilliant was the flash of her piercing eye, which shone like the swift-passing lightning: she op'd her fragrant ruby lips, her teeth riva'd in beauty the Orient pearl, and—*she took a bite from a roll of molasses and parched corn.*

A good anecdote is told of a celebrated English divine, who, receiving a morning visit in his study, was asked by his friend: "Doctor, why do you sit in such a little place as this? You have not room to swing a cat."

"I do not want to swing a cat, sir!" was the reply. "What volumes of phraseology are compressed in this answer!

"Quit spitting that nasty tobacco on the floor, Josh, or I'll whip you."

"La, mother, why don't you speak properly? You should have said, cease ejecting that offensive saliva in the Virginia weed upon the pavement, or I shall administer to you a severe castigation.—Ahem!

A sailor was lately at a certain chapel in Boston; the parson observing that he looked rather serious, asked him if he felt any change? The sailor put his hand in his pocket, and said he was very sorry, but he had not one cent.

"Mr Brown, I owe you a grudge, remember that."

"I shall not be frightened, then, for I never knew you to pay anything that you owed."

"My friend has a great respect for the truth," said a man one day to a neighbor. "So I perceive," was the reply, "for he always keeps a most respectable distance from it."

DR. S. P. TOWNSEND'S
COMPOUND EXTRACT OF
# SARSAPARILLA.
ORIGINAL AND GENUINE.

## SIXTY DRUGGISTS!

An advertisement appeared in several of the papers, headed "Sixty Druggists." This advertisement is signed by a number of men who keep mere retail drug shops in the back streets of Boston, and are no Druggists or Physicians. The advertisement was put up by a set of unprincipled traders under the name of Thompson, Skillman & Co., who have launched many by the name of Jacob Townsend, last fall, to put up a nostrum which they endeavored to palm off upon the public as the genuine and original Dr. Townsend's Sarsaparilla. Skillman & Co. have stated that it was their intention to take advantage of Dr. S. P. Townsend's extensive advertising, which has cost him over $50,000, and the popularity of the name of his medicine, to sell the vile. The advertisement signed by these shopkeepers, and put in the papers by Thompson, Skillman & Co., would lead people to believe that our Sarsaparilla sours, &c., which is false. These men know, to our knowledge, every purchaser of any Sarsaparilla of us, and know nothing of its merits, very few of them having ever taken it. It is one of their tricks of money to purchase testimony. The majority of them have applied to us for agency, which we refused. At least one of these men has been in the

STATE PRISON,

for forging a draft or note on the Chemical Bank; we know nothing of the character of the others—but we say sell any Sarsaparilla for the original and genuine Dr. Townsend's Sarsaparilla which is not signed by S. P. Townsend, they would commit any fraud.

## Swindlers.

Druggists or others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles their customers. Men that would be guilty of such an act, would commit any other fraud—and no Druggist of common intelligence but knows that ours is the only genuine.

## WHOLESALE DRUGGISTS.

Below will be found the cards of three of the first wholesale druggists in the city. These three have purchased $50,000 worth of Dr. S. P. Townsend's Sarsaparilla within the last four years. We have sold it by the bottle, dozen to many officers—we keep it through all parts in South America, New Orleans, Havana, &c., and these druggists that our Sarsaparilla rises in demand as fast as their other labels.

### Read the following:

New York, May 21, 1849.

This is to certify that our house has within the last five years purchased over twenty-five thousand dollars worth of Dr. S. P. Townsend's Sarsaparilla, for our retailers to recommend, an unprecedented sale, and so far as we know, gives universal satisfaction. It does not ferment and break the bottles as has been alleged.

NORTON & BABCOCK,
No. 120 Maiden Lane and 11 Fletcher street.

New York, May 21, 1849.

To whom it may concern: This is to certify that I have purchased of Dr. S. P. Townsend about ten thousand dollars worth of his Sarsaparilla. It is by far the most popular medicine I ever knew and gives universal satisfaction. I have no difficulty with its fermenting or souring.

THOMAS W. CUMMINS,
Wholesale Druggist, 129 Greenwich street.

New York, May 21, 1849.

This is to certify that we have purchased over Ten Thousand dollars worth of Dr. S. P. Townsend's Sarsaparilla within the last five years. The medicine is very popular and has become an article of consumption. We find no trouble with its souring or fermenting.

BOYD & PAUL, No. 4 Liberty street.

Dr. S. P. Townsend, wishes the Public to understand that he is no connection of old Jacob Townsend whatever, and never saw him but once that he is aware of, and that was on an occasion of his selling at his house to sell some pamphlets and cheap publications.

## CONSUMPTION CURED!
## Cleanse and Strengthen.
CONSUMPTION CAN BE CURED.

*Bronchitis, Consumption, Liver Complaints, Colds, Coughs, Catarrah, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c. have been cured and can be cured.*

### In the last stages of Consumption.

The following Certificates are selected from a large number received. The first was kindly furnished us by Dr. Colwell, a respectable physician of extensive practice at Lewego, New York. He writes that the Sarsaparilla has performed many cures, and the better it is known, the more it is appreciated. His letter can be seen at the office, if any wish to see it.

East Owego, Dec. 6, 1847.

Dr. Townsend:

Dear Sir—This is to certify that I have been sick a number of years with the Consumption, and that the last summer I was so low that my friends thought I could not live but a very short time, and by your advice, thinking there was yet a hope left, I commenced taking Dr. S. P. Townsend's Sarsaparilla, which soon gave me relief. I grew better for while taking the Sarsaparilla, and am now able to leave off the house and do some work. I owe my life to you, thus far, for the above medicine, and believe that it saved me from the grave. If you think fit you may forward this statement to Dr. S. P. Townsend.

MRS. MARGARET ARMSTRONG.

We, the undersigned, are acquainted with Mrs Armstrong, and know the above to be true.

Hugh Jane Henderson,—Elizabeth Hudley,—Lafayette Bartholomew,—Mary Cook.

### Curious Case of Consumption.

There is scarcely a day passes but that there are a number of Cases of Consumption reported as cured by the use of Dr. S. P. Townsend's Sarsaparilla. The following was recently received:

Dr. S. P. Townsend—Dear Sir: For the last three years I have been affected with General Debility and Nervous Consumption of the last stage, and did not expect to regain my health at all. After going through a course of medicine under the care of some of the most distinguished regular physicians and members of the Board of Health in New York and Brooklyn, and spending the most of my earnings in attempting to regain my health, and after reading in some paper of your Sarsaparilla, I resolved to try it. After using six bottles, I found it done me great good, and I still continue to use it your office. With your advice I kept on, and do most heartily thank you for your advice. I persevered in taking the Sarsaparilla and have been able to attend to my usual labors for the last four months—and I hope, by the blessing of God and your Sarsaparilla, to continue my health. It helped me beyond the expectations of all that knew my case.

### WONDERFUL CURE.

Her blood was like water, could not speak, bled at the lungs, severe pain in the Chest and about the Heart, raising in the Throat. Read the advertisement and doubt if you can that Consumption is incurable:

New York, Dec. 11, 1847.

Dr. S. P. Townsend—Sir: Last New Year's day I received as a present two bottles of your Sarsaparilla; for four years previous to this I was very ill, and had not strength to be about the house. I applied to Physicians and could obtain no relief, and at the time I commenced taking your Sarsaparilla, I had almost despaired of getting any better. The blood in my veins was like water. I bled very much at the lungs, I had severe pains in my chest and heart, and was troubled at times with something rising in my throat, so that it was impossible to speak. I discovered a change for the better in my health on taking one bottle of your Sarsaparilla, and in two weeks was able to be up at out half an hour at a time, and persevere in taking your Sarsaparilla. In four weeks I was able to go about the house, and have been ever since remarkably strong, and attribute my recovery of my health entirely to your Sarsaparilla. If this statement will be the means of directing others similarly afflicted to your valuable Sarsaparilla, you are welcome to make it known.

Your's respectfully,

# BRANT'S INDIAN PULMONARY BALSAM

A cure in every case of the most dangerous and distressing symptoms of PULMONARY CONSUMPTION, and the diseases of the vital and thoracic LUNGS—and that it contains no mercury, minerals or poisonous drugs, is fully established by the extract of a letter from the Rev. Ira Johnson, of Montville, Sullivan Co., N. Y., which we publish below. So sanguine are the proprietors of the virtues of this Balsam, that they have placed it within the reach of all, by reducing the price to 50 cents per bottle, that the poor may avail themselves of its benefits, as well as the rich, as it is warranted to cure the most desperate cases, when all else has failed.

Dr. Brant's Indian Pulmonary Balsam has proved a most invaluable remedy in the hands of the Indians.

### BRANT'S INDIAN PURIFYING EXTRACT.

This Extract has been for the Patent Medicine purposes, and is now offered to the public with the full confidence that it will do what we claim for it.

### COUGHS AND CONSUMPTIONS,

in their incipient stage, are speedily cured by this Balsam, as many testify who have used it.

### Breast, Throat, Lungs, and Heart.

This BALSAM is a sovereign remedy for the LUNGS, and is the only one that is warranted to cure the Consumption, Liver Complaint, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., when all else has failed.

### Thousands of Consumptions

have testified to the efficacy of this Balsam, and it is now offered to the public at a price that will place it within the reach of all, and be the means of saving many from the grave, who have been deceived by the quackery of the day, and have spent their money for what they thought would cure them, but which only served to hasten their death.

### CONSUMPTION.

### A DYING WOMAN CURED!

We now challenge the world to produce the proof of the power to save life, of any other BALSAM in all cases of Consumption, Liver Complaint, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., when all else has failed to cure, as can be produced for this Balsam.

Mr. Ira Johnson, of Montville, Sullivan Co., N. Y., writes the following, which we publish in his own language:

### A DOCTOR CURED!

Dr. J. W. Fritchie, of Hillsdale, Columbia county, Michigan, writes that he has used Brant's Indian Pulmonary Balsam in his practice with the most astonishing results, and that he considers it the most valuable medicine for the cure of Consumption, Liver Complaint, Asthma, Spitting of Blood, Soreness in the Chest, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., when all else has failed to cure, and that he will use no other in his practice.

### Would soon be in a Grave.

Mr. William B. Jennings, of Ontario county, N. Y., writes that he was given up by his physicians and friends, and was spitting blood, &c., when he commenced using Brant's Indian Pulmonary Balsam, and that it has cured him.

### Could not Live a Day longer!

Messrs. E. R. Caldwell & Co., of Fort Covington, Franklin Co., N. Y., inform the Proprietors, when in company with Messrs. Fairchild & Co., of Montreal, Canada, that they have sold a great deal of Brant's Indian Pulmonary Balsam, and that it has proved the most wonderful cure of Consumption, Liver Complaint, Asthma, Spitting of Blood, Soreness in the Chest, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., when all else has failed to cure, and that they have never sold any medicine that gave such universal satisfaction, and that they have never heard of a single case in which it did not do all that was claimed for it.

### LUNGS BLED—MUST DIE!

Dr. Z. S. Terry, of Rome, Oneida County, N. Y., writes, Aug. 29, 1848, that Brant's Medicine is doing wonders there. He says he was called to see a man who was given up by the doctors, and was spitting blood, &c., when he commenced using Brant's Indian Pulmonary Balsam, and it has cured him.

### Many Consumptions Cured.

Mr. S. H. Clark, merchant, Clyde, Wayne county, N. Y., writes to Subscribers for Brant's Pulmonary Balsam and Brant's Indian Purifying Extract, that he has sold a great deal of them, and that they have cured many of the most respectable people, and that he has never had a complaint against them, and that he considers them the most valuable medicines he has ever sold, and that he will use no other in his practice.

### Was believed past Cure!

Mr. Cornelius H. Smith, merchant, Colden Center, Erie Co., N. Y., January 16, 1849, writes that Brant's Indian Pulmonary Balsam and Brant's Indian Purifying Extract have done him more good than all other medicines he has taken.

### FITS, FITS, FITS.

Messrs. J. S. Lippincott & Son, respectable merchants in Hibernia, N. Jersey county, Pa., inform us that they have sold a great deal of Brant's Pulmonary Balsam, and that it has cured many of their customers. They say it has proved the most valuable medicine they have ever sold, and that they have never had a complaint against it, and that they will use no other in their business.

### CHRONIC DYSENTERY,

and Summer Complaints, in children or grown persons, cured with Brant's Indian Balsam.

### CHOLERA INFANTUM

Is speedily cured by this invaluable medicine.

### DOCTORS CALL IT WONDERFUL!

Joel Ira Johnson, of Fearrington, Green Co., N. Y., writes to us, January 1st, 1849, that he was acquainted with some of the astonishing effects of your Brant's Indian Pulmonary Balsam, by having witnessed at some time wonderful cures of Consumption, in Montville, Sullivan Co., New York, about a year since; and have since felt so sanguine that its power ought to become more generally known, that last summer I took a bottle in my pocket with me, and I felt confident, from what I had seen of the efficacy of Brant's Balsam, that if I could persuade it for the use, it would do some good, and as we could not find it in this county, I wrote to New York city, about ninety miles, and procured several bottles, and there I returned with the good news, and all the people in the town and side, and with such a mixture and hoarseness in the chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit they have received, and from my recommendations, from what I had previously heard and seen of its good works, many persons have been wanting the medicine, and as there is no agent in this town, they have persuaded me to write for an agency.

Yours, respectfully, IRA JOHNSON.

### DOCTORS COULD NOT CURE.

Mr. Cornelius H. Smith, merchant, Colden Center, Erie Co., N. Y., January 16, 1849, writes Your Brant's Indian Pulmonary Balsam and Brant's Indian Purifying Extract have done more good than all other medicines we have taken.

### Further Evidence

As to the great efficacy of Dr. Corbett's Concentrated Syrup of SARSAPARILLA.

Messrs. E. Brinley & Co.—

Gentlemen,—I was brought quite low in the summer of 1847, with the Dysentery. I sought a physician several times and was dangerously sick, so much so as to believe I must die. I grew worse daily, and was so reduced that I frequently fainted away. For many days I complied with the directions of my physicians. But obtaining a pocket and hearing of Corbett's Shaker Syrup of Sarsaparilla, I was induced to make trial of it.

My little boy about five years of age was also very sick of the same disease at the same time. The first few doses I took revived me speedily. The pains were speedily allayed and the disease was so early checked that I was enabled to attend work in the course of a week. My little boy was also soon cured, and only part of a bottle was taken by both of us. Absent from home some time after, I returned from Montreal, in 1848, with the same disease, which had been increasing on me many days. I resorted again to the Shaker Syrup of Sarsaparilla, and took only a few doses, when again I was early and fully restored to health. I know this Syrup cured me, and I recommend to all who may suffer as I have.

As the Spring returns guard your health by using

*D. Corbett's Shaker Compound Concentrated*
SYRUP OF SARSAPARILLA.

This medicine has proved to be most valuable in the following diseases: Chronic Inflammation, Jaundice, Weakness of the digestive Organs, Dyspepsia or Indigestion and Sour ness of the stomach, Rheumatism and Salt Rheum, Parochial disorder of the Liver, Chronic Eruptions of the skin, and all Scrofulous Diseases. Also it is found to be an invaluable remedy for the Erysipelas, and that distressing disorder, the Asthma. It has proved highly beneficial in some cases of Dropsy, Dysentery, Diarrhœa.

It will be found by observation that many of the above disorders, and also that fatal disease Tabis Pulmonalis, or Consumption, generally originate in a scrofulous state of the system; and to cure such diseases, we must remove the primary cause. It will likewise be found that diseases of the Liver often originate with persons of a sedentary habit, and are called liver complaints; but it is a well established fact that before such liver complaints can be permanently cured this scrofulous diathesis must be removed.

That this is the effect of this Syrup, hundreds of the most competent judges, who have seen and felt the virtue of its sanative power can bear witness. It is a laxative, diuretic tonic, and greatly alterative, and is prepared from the best and most virtuous alteratives of the vegetable kingdom, without the addition of any mineral substance whatever. It is a perfectly safe medicine, and may be taken at any time without regard to weather or exercise.

### HIGH TESTIMONY—ALWAYS THE BEST.

Dr. Corbett's Concentrated Syrup of SARSAPARILLA.

John Davis, the sexton of the church of that good man, "FATHER TAYLOR" thus writes as to the benefits he has received through the virtues of the Sarsaparilla:

"The undersigned, Sexton of the Church of the Rev. Father Taylor, of Boston, states the following facts:—I was born at Portugal, and am now 40 years of age. My parents were healthy, and I was not afflicted by any disease until 1845. I was then residing in Boston. At that time my skin became subject to a tumor, which was at last so bad as to alarm myself and friends.—Severe Sores and Abscesses developed themselves. Large Scars are now deeply imprinted on my forehead and other parts of my body by their excoriation and induration even into the bone. About twelve months since my afflictions seemed increasing. Deep seated sores of the foulest character came out on my arms, my head, and even attacked my eyes. I became weak, emaciated, and unable to perform the duties of life for my 'daily bread.'

"Failing to secure any benefit from Physicians who prescribed for me, I resorted to the use of various Sarsaparilla Compounds, but with no benefit. The able and distinguished Physician and Surgeon, James Ayer, M. D., Hanover street, Boston, who had watched my case, at last advised my using Dr. Corbett's Sarsaparilla.

"I am now happy to state that my general health is fast improving. The Scrofulous development on my head, arms and feet are passing away, and not an ill this moment have had any hope of a rescue from the grave. To Corbett's Sarsaparilla do I alone attribute this amendment, as not until I had adopted its use, (and this in minute quantities,) have I for four years found any relief from suffering."

*Interesting statement from the Empire State.*

Schuylerville, N. Y., April 8, 1849.

Mr. S. W. Fowle—Dear Sir—A desire to benefit the afflicted, has induced me to make the following statement of facts. My son, now seven ten years of age, has been afflicted, during his whole life, with a constant cough and pain in the chest, accompanied with night sweats and a hectic fever, which produced great emaciation and debility. During this time he was attended by many physicians of the highest repute, whose prescriptions gave but temporary relief. All our neighbors who saw him regarded him as one who was rapidly approaching an early and premature grave. I was prevailed upon by a friend to try WISTAR'S BALSAM OF WILD CHERRY. He commenced its use, and the FIRST bottle gave him astonishing relief, and after using four bottles, his disease was eradicated, and he was restored to perfect health.

Consumption is the great curse of our northern latitudes. It is the blight of blooms in infancy and the despoiler of beauty. It robs the cheek of its hue and blood. Moves the mind of its serenity, and the eye of its brilliancy. It wears the form, dims the intellect, and plants its victim into an early grave. The young and old, the serious and the gay, the city hall and the country lass, are alike its prey and victims. Bless singers on the man, then, whose genius and research furnish us weapons to bid defiance to this "Destroyer of the Thresholds." He merits the applause and gratitude of ages—he shall have ours, at least.

Wright's Indian Vegetable Pills Sugar Frosted!—The Proprietors of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the Pills, of pure White Sugar whereby every thing disagreeable to the taste or smell is entirely removed, without the smallest degree of silvering, in other respects, the excellent qualities of the medicine. Free from the inconvenient and inconvenient medium of disguising the Pills, so generally felt, is thus supplied, & it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian Vegetable Pills is well understood. Innocent and efficacious free from minerals of every description, and adapted to all the various circumstances and conditions of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell.—These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

General Directions.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

Dr. Corbett's highly Concentrated

SHAKER SYRUP OF SARSAPARILLA

The cures effected by this powerful alterative of the blood are multiplying daily.—Certificates, as to its efficacy, are rendered voluntarily, from almost unbidden exertion—But on these some time Proprietors ask not the public to rely. The words of science unquestionably must bring more conviction to the doubting, than even the accredited testaments of hundreds restored from the grave.

The distinguished Chemist, Augustus A. Hayes, M. D., who has chemically tested this preparation, writes as follows:—

Messrs. E. Brinley & Co—

Gentlemen—Such a bottle of Corbett's Compound Concentrated Extract of Sarsaparilla? I received a sample of this Formula for preparing it.

From testing the Syrup, the fact of the existence in it of the active substances named, was ascertained, and the general good qualities of the preparation inferred.

The Formula exhibits the union of some of the best of our medicinal roots and plants, with substances of the highest repute as tonic agents, and does not include any METALLIC COMPOUND. For the cure in which the medicinal qualities of Sarsaparilla are sought for, this preparation should have a preference, in consequence of the care not said, remained in compounding it.

Respectfully, AUG. A. HAYES, M. D.,
Sole Assayer of Mass

One of the most important discoveries of modern science, for the cure of pulmonary affections, is the BALSAM OF WILD CHERRY and the credit of its discovery is due to the celebrated Dr. Wistar. This valuable compound has restored thousands of sufferers to health. It is expectorant, tonic and demulcent, and is said to be a purely vegetable preparation. Under its magic influence the most obstinate coughs, colds, and bronchial irritations disappear. We have used it and can recommend it, particularly at this season, when the great cause of disease, east winds, are so prevalent. None genuine unless signed I. BUTTS on the wrapper

FLUIDEXTRACT OF VALERIAN.

This medicine is a simple Concentration of one of the best Remedial Agents known for Nervous Irritation, Sleeplessness, Headache &c., as approved by the ablest dispensatories of the day. The distinguished Surgeon and Physician, Augustus K. Gardner, M. D., of New York, thus writes:—

Messrs E. Brinley & Co.

Dear Sir:—The vial of Valerian which you so kindly forwarded me for trial, came very opportunely, and I administered it the next day in a case of Hysteria, and afterwards in high Nervous Exaltation. In both cases it had the excellent effect attributed to this drug, but which in the usual form it is administered is rarely seen uncombined with opium or some other unpleasant results.—In the opinion expressed by Prof. Phelps, of Dartmouth College, I entirely concur; and I trust you will early and generally introduce it into New York, that we may have an opportunity of using it in those cases where it may be so desirable.

Very truly, your obedient servant,

AUGUSTUS K. GARDNER, M
